

99+% ON-TIME OR
EARLY DELIVERY

99+% QUALITY RATING

RAPID SHEET METAL

- Prototype Sheet Metal Parts
- 5 Day Flat Parts
- Prototype Sheet Metal Box Builds
- Production

RAPID MACHINING

- Prototype Machined Parts
- 5 Day Lathe Parts
- Waterjet Cutting
- Wire EDM
- Production

RAPID WIRE CABLE

- Wire Harnesses
- Cable Assemblies
- Box Build Assemblies
- Production

RAPID

Typical **Prototype** Volume is
1-20+ parts

Quote Response Time is under
24 Hours ; Instant with eRAPID

Lead Time is standard 5 -14
days depending on the service

"Great job, great price, great turnaround!"

Evan D.
Product Development Engineer

We share your **SENSE OF URGENCY**, let's get started now!

RAPID SHEET METAL

Response Time: 24 Work Hours

Lead Time: 5-7 Work Days ARO

Part Size: Max 10' Sheet Size

Standard Tolerance: Default +/- .005"

Capabilities:

- Laser Cutting
- Forming & Bending
- Welding
- Punching
- Assembly
- Hardware Insertion
- Roll Forming
- Riveting
- Tool Making
- Tumbling
- Powder Coating
- Silk Screening
- Plating

Common Materials:

- Aluminum
- Cold Rolled Steel
- Galvanneal & Galvanized
- Copper
- Beryllium
- Various Other Metals

RAPID MACHINING

Response Time: 24 Work Hours

Lead Time: 10 Work Days ARO

Part Size:

- < 38" x 24" XY footprint - Vertical Milling
- < 12" diameter 35" length for Lathe Parts

Standard Tolerance: Default +/- .005"

Capabilities:

- Vertical CNC Milling
- CNC Turning (Lathe Parts)
- Knurling
- Drilling
- Tapping
- Threading
- Bead Blasting
- Tumbling
- Powder Coating
- Silk Screening
- Plating
- Welding
- Assembly

Common Materials:

- Aluminum
- Multiple Steels
- Various Other Metals
- ABS, PVC, Radel
- Various Other Plastics
